

VISHAL SINGLA

Java | Spring Boot Backend Developer

Haryana, India | +91 8307218403 | vishalsingla2024@gmail.com | [LinkedIn](#)

PROFESSIONAL SUMMARY

Java Backend Developer with 1+ year of experience building secure, scalable, and high-performance backend applications using Java, Spring Boot, Spring Security, Hibernate, Spring Data JPA, and MySQL. Experienced in designing RESTful APIs, implementing JWT-based authentication, following layered architecture and SOLID principles, and developing clean, maintainable code. Proficient in API testing with Postman, version control with Git, and collaborating in Agile environments. Also familiar with integrating Generative AI/LLM APIs into Java applications.

TECHNICAL SKILLS

Languages: Java, SQL

Frameworks / Libraries: Spring Boot, Spring Security, Spring Data JPA, Hibernate

Databases: MySQL

Tools: Git, GitHub, Postman, Maven, IntelliJ IDEA

Concepts: REST APIs, OOP, Data Structures & Algorithms, MVC, DTO Mapping, Exception Handling

WORK EXPERIENCE

Software Developer — Incedo

June 2025 – Present

- Developed and maintained RESTful APIs in Spring Boot for client-server communication, handling structured request/response flows and ensuring data consistency across endpoints.
- Built backend modules following a layered architecture to keep the codebase maintainable and scalable.
- Implemented DTO mapping, input validation, and centralized exception handling to improve API robustness and standardize error responses.
- Tested and debugged APIs using Postman, validating endpoint behaviour and resolving defects before delivery.
- Wrote and tuned Spring Data JPA / Hibernate queries against MySQL, improving data access for the features and reducing redundant queries.
- Diagnosed and fixed defects reported in QA and improving the stability of the code.
- Worked in an Agile / Scrum workflow, contributing to sprint planning, daily standups, and Git-based pull-request reviews.
- Collaborated with team members on feature development, participated in code reviews, and improved overall code quality.

EDUCATION

Bachelor of Engineering, Computer Science

2021 – 2025

J.C. Bose University of Science and Technology, YMCA — CGPA: 8.1

CERTIFICATIONS

- Spring Boot Foundations
- Java Programming
- Generative AI for Java
